SUBJECT: CLEARANCE GRANTED FOR NIH RESEARCH PROJECT NO. DK075018 01

REF: SECSTATE 107565

11. Per refel request, Post has reviewed and grants clearance from the standpoint of potential implications to U.S. foreign policy concerns to the National Institutes of Health (NIH) proposed project, "Aromatic Amino Acid Metabolism in the Pathogenesis of Kwashiorkor," pending human subject approval. Post understands research institutions involved are Baylor College of Medicine in Texas and the University of the West Indies in Jamaica.

12. Embassy understands that no further assistance or resources in support of this project are required. Embassy contact is Kara V. French, Political Officer, telephone 876-935-6079 or fax 876-929-6029.

13. Post requests that, if practicable, investigator contact Ms. French to schedule briefing on project for informational purposes, as results may relate to technical programs here. Embassy also requests copy of results from NIH for internal informational purposes, if possible.
